

AMONG THE EXCHANGES OF THE INLAND EMPIRE

"Merger Ties Up Road."

"In my opinion the railroad situation in this vicinity is dependent upon the settlement of the merger question," said John P. Vollmer yesterday. "I do not believe there will be any building done till that case is settled and then, in all probability, the first road to receive consideration will be from Riparia to Lewiston. What company it will be built by, of course, depends upon the settlement of the case, but I believe it will be by an independent company." As Mr. Vollmer is in close touch with the railroad officials, being a stockholder in the Lewiston-Spokane line, he is in a position to speak with some authority. —Spokane-Review.

Electric Lights at Moscow.

The electric light company agrees to furnish the city of Moscow light for five years. For all lights up to 40, the sum of \$7.50 will be charged, provided they shall take at least 20 lights, over that \$7 will be charged. For each 16-candle light 75 cents will be charged and in case of accident and interruption in the light, a rebate will be made. The city of Moscow or its representatives will have at all times the right to enter the station of the company and by its readings and test ascertain if the contract is complied with, and in case of non-compliance the company will bear the expense. —Moscow Times-Democrat.

Government Dredge at Work.

The U. S. dredge boat was yesterday engaged in removing the obstructions in the channel below the Lewiston-Clarkston bridge. Several large boulders have been a menace to navigation during the low water stage and these were removed yesterday by dynamite and a powerful derrick that forms the forward equipment of the new craft. At each explosion of the dynamite large columns of water would shoot into the air to a height of about 200 feet and the derrick machinery would then be brought in to use removing the larger pieces of rock from the channel. —Lewiston Tribune.

New Passenger Steamer.

With the advent of spring we are promised that the fastest stern wheeler in the world will be placed on the river between this city and Portland. It is the Telegraph, owned by Capt. W. B. Scott, formerly one of the principal stockholders of the White Collar line. He will probably make the round trip between Portland and this city

Boon Island.

Probably Boon Island would be but little known outside of New Hampshire, Maine and Massachusetts if it were not for the fact that the island is the terminal of the Cape Ann trial course. Perhaps it would be more proper to call the island the northern terminal, but at any rate Boon Island gains a mention in this way every time a new battleship or cruiser is tried off this coast, as all those not built on the Pacific always are. —Boston Globe.

Artists and Poets.

Artists and poets are like stars—they belong to no land. A strictly national painter or a strictly national poet is bound to be parochial, a kind of village pump. And you may write inscriptions all over him and build monuments above him, but he remains a pump by a local spring. —Robert Orange.

His Ideal.

Editor—What do you mean by "a girl of rare intelligence and one who refused to take advantage of alleged advantages offered her?"

Critic—Simply this: She does not dance, sing or play, but she can sharpen a lead pencil, drive a nail and keep a secret.

Stretching Process.

"The doctor says I must take some massage treatment to limber up the muscles of my neck."

"Massage nothing! Come down to the theater at 5 o'clock and watch the twelve girls come out." —Houston Post.

in one day, and between Portland and Astoria the next. There has never been a steamer which has completed the round trip on either one of these routes in a day, but the captain is confident the Telegraph can do it. By alternating the run he believes he will get all the traffic that can be handled. —The Dallas Chronicle.

Sent to the Penitentiary.

Judge Steele yesterday morning sentenced Charles Broncheau, of Spalding, to serve a term of two years in the state penitentiary. Broncheau is the young man, of mixed Indian blood, who was arrested several months ago with Sam Rich on the charge of stealing a steer from A. J. Showalter of Spalding, and who on Monday withdrew a former plea of not guilty and entered a plea of guilty. Rich was tried recently, was convicted and also received a penitentiary sentence. —Lewiston Tribune.

Suit to Collect on Baseball Stock.

Attorney Robert Blewitt is bringing suit this afternoon against a number of well known gentlemen to collect the amount due on the stock they subscribed in the baseball association. There is about \$445 yet due the players and the boys are getting impatient that the amount due them be paid. There is in the neighborhood of 19 who have not paid up and these are the ones who are being sued. —Boise Capital-News.

New Machine Shops.

D. Fitzgerald of Dayton, Wash., is in the city looking over this field with reference to building a machine shop and foundry in this city. Mr. Fitzgerald is at present engaged in this business in Dayton, but believes this country presents a better field than does his home place. —La Grande Observer.

New High School Building.

The school district decided at the special election today to bond the district for \$22,000 to erect a commodious high school building upon the site where the old structure now stands.

The vote stood: For bonds, 174; for selling the old building, 172; against bonds, 37; against selling the old building, 25. —Wilbur Sentinel.

New Lewiston Creamery.

The plant for the creamery to be established in Lewiston by the Commercial Cream company of Salem, Ore., will be on the ground about February 1, and will be ready to receive cream about March 1. —Lewiston Tribune.

TRAINING SCHOOL FOR HORSES

Wanted—One hundred head of unbroken horses. I am located for the winter at the Dutch Henry feed yard, corner of Alta and Lillith streets, where I conduct a first-class training and sale stable. If you want to buy a horse I will take your order and select the best horse for you, or if you have a horse to sell I am well acquainted with the best buyers. I am well equipped to break and handle any horse from the finest blooded stock to the wildest and most desperate bronchos. There is no horse but can be broke and be made to drive or work nicely if he be handled correctly. I have broke one hundred and twenty-three head in Pendleton, some of which had become desperadoes. I guarantee satisfaction in every case.
